To make sure you don't miss the biggest show on Broadway, we need your help. Our estimated budget for the Broadway Theatre project is over \$1.5 million. Every dollar we raise now will help us keep our expenses down, so we can continue to provide our high quality programming at a reasonable tuition.

We're kicking off our capital campaign with the people who matter most - the students, faculty, studio artists, and staff in the Mudflat community. Please help us in build the new Mudflat Studio.
